

HOUSE IN FINAL FIGHT ON NAVAL STRENGTH BILL

"Big" and "Little" Factions Refuse To Compromise Their Positions.

TO VOTE LATE TODAY

Harding Believes Forces on Sea Should Not Be Cut Below 86,000.

(By the Associated Press)
WASHINGTON, April 15.—The house by a unanimous vote agreed today to vote late this afternoon on an amendment to the amendment to the naval appropriation bill for an increase of the enlisted forces to 86,000. The vote will come at the end of four hours' debate, which started shortly after 1 o'clock.

WASHINGTON, April 15.—Running up most in minds of house members, as they squared themselves today for the first big fight over the personnel section of the navy bill, was the thought that if they cut it to 67,000 the senate would increase it.

Some had advocated a split between the committees figuring in the McArthur amendment calling for 86,000 which had the endorsement of President Harding, but as it had narrowed down to a test between the "big" and "little" naval men, neither side seemed willing to consider a compromise.

Many hours of debate were ahead of the vote, expected late in the day, unless the unexpected happened. Should the committee's proposal be adopted, as Chairman Kelley claims, there would be no chance of revoting in the house proper. But should the amendment providing for 86,000 enlisted men win out, as its backers claim, Chairman Kelley said he would demand a record vote next week in the house with the hope of overturning it.

Responding to a request for an opinion as to the enlisted force necessary for the navy made by Representative Longworth, republican, Ohio, the president in a letter read to the house yesterday, said he did not believe it ought to be cut below 86,000.

Reserve Officers Prepare.
GREAT LAKES NAVAL STATION Great Lakes, Ill., April 15.—All naval reserve officers on active duty in the ninth naval district have been notified by the bureau of navigation to be prepared for a retirement to private life June 30, in event the naval reserve bill is not passed by congress.

Loss of Production In Midco Field Is Reported by Journal

TULSA, April 14.—A loss of 45,636 barrels in the production of oil in the Mid-Continent field during the past week as was reported in the summary of production figures compiled by the Oil and Gas Journal of this city. The total for the week was given as \$26,281 barrels.

The production by fields was as follows:

	Barrels
North Louisiana	105,200
Arkansas	39,000
North Texas	123,706
Mexia	100,200
Kansas	82,500
Cushing and Shamrock	25,000
Headton	20,113
Hewitt	31,034
Burbank	56,830
Lyons-Quinn	49,998
Other pools	192,700
Total	826,281

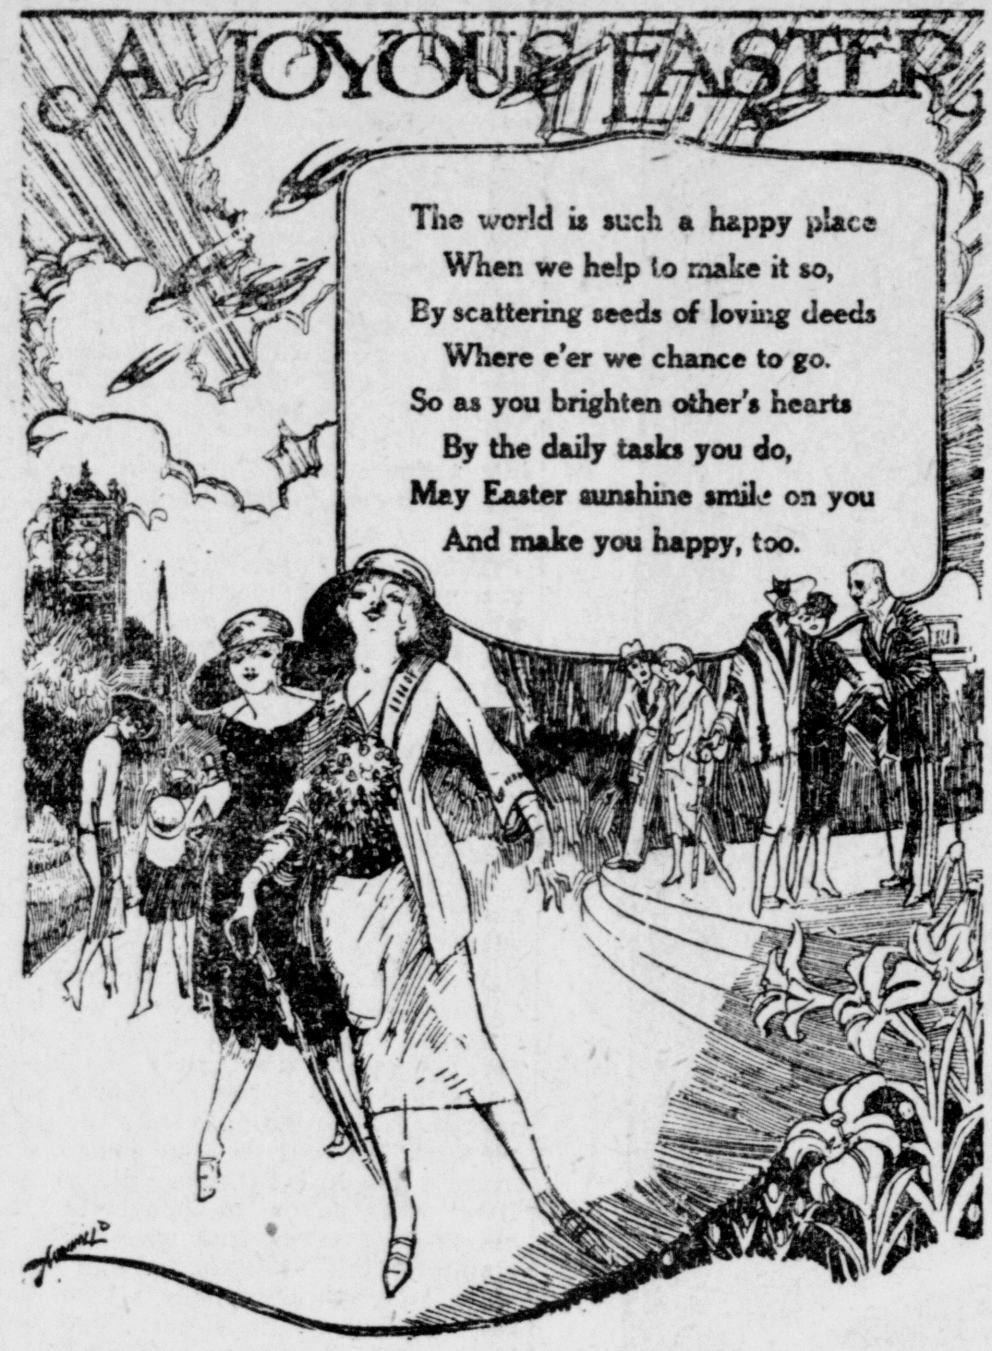

The estimated daily production of heavy gravity oil in the Gulf Coast field was given as 119,270.

Pioneer Merchant of Francis Drops Dead In His Home Friday

J. C. Rushing, merchant and pioneer of Francis, dropped dead of heart failure about 9 o'clock last night at his home, according to telephoned information received this morning. Mr. Rushing has been in business at Francis for years and has built up a large acquaintance over the county.

He had apparently been in good health recently, it is reported. He was 53 years of age. Funeral services will be held Sunday at 3 p. m., and burial will take place in Cedar Grove cemetery.

By scattering seeds of loving deeds
Where e'er we chance to go.
So as you brighten other's hearts

May Easter sunshine smile on you
And make you happy, too.

EASTER Sunday is determined by the moon. The Sunday following the first full moon after the vernal equinox, March 21, was in early times fixed by the church as Easter. Thus it is possible for Easter to fall as early as March 22 and as late as April 25. The last time it occurred on March 22 was in 1818 and it will not fall on this date any time during the twentieth century. Only once, 1943, will it fall on the latest possible date, April 25.

PLEA FOR NEW MARKET PLAN

J. S. Kernachan, Prominent Alabama Farmer Addresses Citizens.

The campaign of the Oklahoma Cotton Growers association for a larger membership was formally launched Friday at a meeting held at the court house at which J. S. Kernachan, a prominent farmer of Alabama, was the principal speaker. The meeting was presided over by J. O. McMinn and the speaker was introduced by Judge I. M. King, an old time friend.

Antagonism to none and friendship to all is the aim of the organization, Mr. Kernachan declared. The prevailing system of marketing cotton and other farm products has existed from the beginning, he said, and under it the farmer has never prospered, his entire effort being taken up with the struggle for a mere existence. It is to remedy this and put farming on the same footing with other lines of business that is now aimed at. He declared that in his active career of 42 years on the farm he had never actually cleared a dollar, raising the cotton, but had made his profit by outside operations using the farm as a base of operations. He stated that Alabama farmers have already made headway in marketing hay and watermelons co-operatively and are now falling in line with the cotton organization. As an example of that can be accomplished by co-operation he cited the buying of fertilizer this season. Acid phosphate had been retailing at \$16.50 per ton but by buying in 100 ton lots it was obtained for \$11.50 to \$12.50.

He mentioned the great dam at Muscle Shoals and the possibilities of manufacturing fertilizer at a still lower cost. He was asked about the farmer's prospect of securing control of this plant. He replied that he believed the pressure being brought to bear by the farmers on members of congress will be sufficient to overcome the opposition of the fertilizer trust and Wall Street and force congress to act favorably on Ford's offer, basing his belief on the fact that the farmers are pulling together and have many votes where the opposing interests have none.

Mr. Walden, of the state organization who is here in the interest of the movement, followed Mr. Kernachan and presented some facts and figures about the operations of the past season. There are now 35,000 members in Oklahoma. During the past season 92,000 bales were handled, of which 57,000 have already been sold. The average price of middling cotton was 18.50 and the average of all grade, 18.33. Instead of selling from one-half to three cents per pound lower than Texas and Arkansas, as has been the case heretofore, Oklahoma farmers received as high as three cents more on the streets than those of the other two states.

In pooling the cotton turned in during the past season 1550 bales were found that was classed as good middling. This was the first time on record, so far as could be ascertained, that a bale of Oklahoma cotton was so classed. More than 10,000

ORDERS TO BOOST ATTENDANCE FOR MEETING MONDAY

Members of all the organizations in Ada are today working on getting a crowd out to the City Hall Monday night when the prospect of voting bonds to build a Memorial Hall will be taken up again. All the civic organizations, as well as the labor organizations and lodges, are active, it is said.

Announcement was made in all the schools Friday. The ministers in the various churches will announce the meeting tomorrow. Every person in Ada, therefore, is expected to know of the meeting and it is believed the City Hall will be crowded. Monday night was selected, as it is the one night of the week when few organizations have meetings. So far as those interested in the matter know, there will be no other meeting in the city Monday night.

ILLINOIS FORCES BATTLING FLOOD

Families Cling to Homes In Spite of Rising Waters From Broken River

NAPLES, Ill., April 15.—Fighting the flood, every man in his turn, the men of Naples this morning lost their battle to retain their homes from the grasp of the Illinois river. By noon today the entire populace of 200 families will be forced from their homes to enter army tents on the knoll of ground west of the city, that Indians and General Grant made famous.

MEMPHIS, April 15.—Without venturing a prediction as to the stages, a weather bureau bulletin issued today forecasted an "increase and unduly prolonged" flood in the Mississippi river as a result of excessive rains in the Ohio Valley during the past 24 hours, which caused a raise of six feet and nine inches.

Breaks at Cairo.
CAIRO, Ill., April 15.—A break occurred in the levee at Grand Powers this morning and the swollen Mississippi spread over 5,000 acres of cultivated land. The water is 11 feet deep in some places and all residents have fled to higher ground.

COOPER'S TITLE TO BE DISPUTED BY ALLEN COMER

Archie's Cooper's middleweight crown in Pontotoc county, will be contested April 30 when Potts leaves 154-pounds from Allen comes here to enter the ring with the hope of snatching a decision from the Ada man.

This will be the first time in a year that Cooper has staged a public bout with a Pontotoc county man, his recent fights being with Shawnee and Holdenville material.

Twenty-five rounds of whirlwind stuff, including, besides the big bout of eight rounds, three preliminaries and a semi-final, will be offered local boxing fans at the exhibition. Bouts will be held at the McSwain theatre next Thursday night.

The semi-windup will be staged by Sailor Adair, Ada, and Mortie Brown, Oklahoma City of the 122 class. This will be five rounds. Other bouts include "Dutch" Stone, Ada, and "Kid" Anderson, Sulphur, 144-pound class, four rounds; "Jack" Dempsey" Sparks, Ada, and "Young" Woodruff, Sulphur, 148-pound class, four rounds; "Zip" West, Ada, and "Sluggo" Harris, Byars, 156-pound class, four rounds.

MINERS ARE NOT GUILTY OF ILLS LEWIS ASSERTS

Coal Field Upheavals Are Laid to Operators By Union Leader

HUMAN VALUE GREAT

Workmen Will Not Retreat To "Pauper Level" to Increase Revenue

(By the Associated Press)
SPRINGFIELD, April 15.—The miner is not responsible for the ills of the coal industry, John L. Lewis, president of the U. M. W. of A. said here today.

"It is a poor industrial leader," Mr. Lewis asserted, "that can only see industrial improvement through debased manhood and pauper level of existence."

Mr. Lewis' statements were made in an address delivered before the Springfield midday luncheon club. He spoke in part as follows: "The present coal strike in the anthracite and bituminous fields is the natural sequence of the organized efforts of coal operators to beat the miner backward to the level of subsistence obtained in non-union fields. The miners will not retreat. The human values involved are of infinitely greater consequence than profit margins of operators. The miner is not responsible for the ills of the coal industry and it is a poor industrial leader that can conceive industrial improvement only through a debased manhood and pauper level of existence. Approximately 5,000,000 people of our nation are directly dependent upon the mining industry and it is God's will that the children of miners' be fed, clothed and sheltered to the same degree as those of other citizens."

Miners Won't Concede.
"The principle at issue in this great strike will not be compromised by the mine workers. The dream of coal operators that the mine workers will engage in multiples of conferences and negotiate independent district agreements will not materialize. The union will not depart from its determination or betray its members by such folly."

"The operators of the central competitive field nonchalantly broke their agreement to meet in joint conference and have not directed their future policy toward unity that would get results. Instead they acted the part of a German war lord, using his method of beating a Belgian city into submission."

"The agreement thus violated was made by command of the United States government and as yet the government had merely condoned their office against the moral codes by issuing statements, promising the public that an ample supply of coal would be furnished from non-union mines if necessary with the aid of armed forces. Such a statement in its end is an error which the public will realize later."

(By the Associated Press)
MINNEAPOLIS, April 15.—The board of directors of the Minneapolis, St. Paul, and Sault Ste. Marie railroad company were restrained today from paying a proposed semi-annual dividend of two percent and company stock holders in two restraining orders issued by Judge Wilbur F. Booth, of the United States district court in Minneapolis. A hearing on the order will be held in federal court next Saturday.

CHURCHES PLAN SPECIAL MUSIC ON EASTER DAY

Knight Templar Masons to Be Guests of Baptist Church for Worship

CANTATA PREPARED

Other Congregations To Observe Occasion in Extra Services

Churches of the city will lead tomorrow in the observance of Easter with special programs which have, in practically every case, been made attractive by the announcement of special cantatas or other unusual numbers.

Knight Templar Masons of the city will hold their annual worship Sunday morning at 11 o'clock as guests of the First Baptist church. Members of the order will attend in full uniform. They are scheduled to meet at the Masonic Hall and proceed in a body to the church, entering the building and finding to their section of reserved seats as the choir and congregation sing "Onward Christian Soldiers."

Rev. C. C. Morris, pastor of the Baptist church, will preach the annual sermon on "The Significance of the Resurrection". The public is invited.

Knights Templar are Masons who have taken the full York Rite of Freemasonry and the order embraces in its membership among the leading men of the world. Announcement was made today that the cantata, "Cross and Crown" by Ashford, will be given tomorrow evening at the First Methodist church under the leadership of C. C. Ballard. The choir has been working on the cantata for two months, included in the work will be several solos, with some of the city's leading soloists taking part. This is an annual affair and an invitation has been extended to all who are interested. Following is the program:

Part 1.
THE CROSS.
Organ introduction.
"Thou, Lord, Wilt Arise."—Chorus.
"The Temptation"—Solo and chorus.
Solo by Mrs. Clint Ballard.
"God Shall Charge His Angel Legions", trio.—Mr. and Mrs. C. Ballard and Whit Fentem.
"Hosanna in the Highest", solo and chorus.—Solo by Mr. Ballard.
"Ride on O King", solo.—Mrs. Ballard.
"Gethsemane", solo and male chorus.—Miss Dorothy Duncan.
"The Shadow of the Cross", solo and quartet.—W. K. Newcomb, soloist; Mrs. Meyers, Messrs. Fentem, Ballard and Newcomb, quartet.

Part 2.
THE CROWN.
Organ introduction.
"The Strife is Over," solo—Longley Fentem.
"Christ Our Passover," solo and chorus.—Mrs. Paul Payne.
"Abide with Me," male and ladies chorus and solo obligata by Mrs. C. C. Ballard.
"Come Gracious Spirit," alto solo.—Mrs. Myers.
"And it Came to Pass," quartet.—Mrs. Myers, Mr. and Mrs. C. C. Ballard and Whit Fentem.

Easter services at school houses over the county will be conducted Sunday under the auspices of the local church organizations. Two church choirs and a local grade school mixed chorus are planning to visit Fitzhugh, Lawrence and Vanoss tomorrow afternoon to help in Easter services.

The choir of the First Baptist church will leave at 1:15 for Vanoss where Rev. C. C. Morris will deliver a sermon. Easter music will be featured. The school truck will be here to take the Ada singers to and from Vanoss. At the same time the Hays school mixed chorus and the choir of the First Baptist church will go to Lawrence and then to Fitzhugh for similar services. Rev. H. M. Woods will preach the sermons for the latter party.

Three Youths Killed While Sleeping Upon Track Near Ft. Worth

(By the Associated Press)
FORT WORTH, Tex., April 15.—Officers today are trying to locate the relatives of three youths from Columbus, Ohio, who went to sleep on the Texas and Pacific railroad tracks west of town last night and were killed at midnight. The boys are John Shoemaker, Cap. Vance Riggs, and Elmer Thill.
The fourth member of the party, Edward Miner, was awakened by the approaching train and escaped. The boys were bridge workers and were in search of employment. They had reached Fort Worth by freight train early last night and had walked west of town to rest before continuing their journey.

BIBLE THOUGHT OF TODAY

CONSIDER GREAT THINGS:—Fear the Lord, and serve him in truth with all your heart; for consider how great things he has done for you.—I Sam. 12-24.

A MESSAGE OF EASTER.

As the peoples of the earth come again unto Easter, with its message of eternal life, it is no stretch of imagination to believe that from time to time in the remote past, long before the loving fatherhood of God was revealed by His Son, a similar assurance was given to mankind. As the first man looked upon his wife and children he must have asked the question propounded in a later age by Job, "If a man die shall he live again?" And there must have come to him some comforting thought to save him from despair.

In a later generation such consolation came to David when he lost his little lad, for whom he had fasted and wept: "But now he is dead wherefore should I fast? Can I bring him back again? I shall go to him, but he shall not return to me." And so it was with Job who, after passing through dire misfortunes, physical affliction and mental anguish, exclaimed: "For I know that my Redeemer liveth, and that He shall stand at the latter day upon the earth! And though after my skin worms destroy this body, yet in my flesh shall I see God: whom I shall see for myself, and mine eyes shall behold." So it was with Paul, the great apostle of the resurrection, when he triumphantly declared, "O death, where is thy sting? O grave, where is thy victory?"

And now, in the fullness of time, mankind has the Easter message in all its completeness, as given to the world by the Redeemer and His apostles. It is a message that answers "Yes" to the question that came down through the ages, "If a man die shall he live again?" It is the message that brings to all mourners the comforting assurance, "We shall meet again." It is a message of hope and inspiration and comfort to all the world.

LET IT ALONE.

The strongest argument we know against the amending of the Volstead act so that light wines and beer might be sold legally is that it means the return of the saloon. It is not hard to imagine that the old time crowd that thronged the saloon and helped to make it a menace to the nation would at once take to the new saloon and that the country would have another taste of saloon rule. It was this very phase of the liquor traffic that brought about its destruction and we need no more saloon politics. The bootlegger is unable to wield much influence in governmental affairs, for he is held in contempt, but a pompous saloon keeper was a man the politicians had to reckon with and they jumped when he cracked the whip. If the saloon had stayed out of politics and obeyed the laws it is not likely that the Eighteenth amendment would have been adopted during the lifetime of the present generation.

This Oklahoma weather beats all. Friday morning we dashed off a few lines about the lovely weather and fine prospect for a bumper fruit crop. By the time it was in type a brisk norther was blowing and it was necessary to add a postscript mentioning the fact that it was written before the norther blew up. By the time the paper was on the streets the sun was shining and the danger of a killing frost dissipated for the time being.

Conceit has wrecked many a promising career. When a young fellow imagines he knows it all and that there is nothing worth while for him to learn he is headed for the rocks. The men who know the most are the most modest for they have learned that there is more yet to be dug out than the combined wisdom of the world has discovered.

The increasing use of the airplane may develop another legal question about the ownership of the air. Does the owner of a tract of land also own the atmosphere above it? If so, what can he do about trespassers who use it without his permission? Also what about using this same air in radio service?

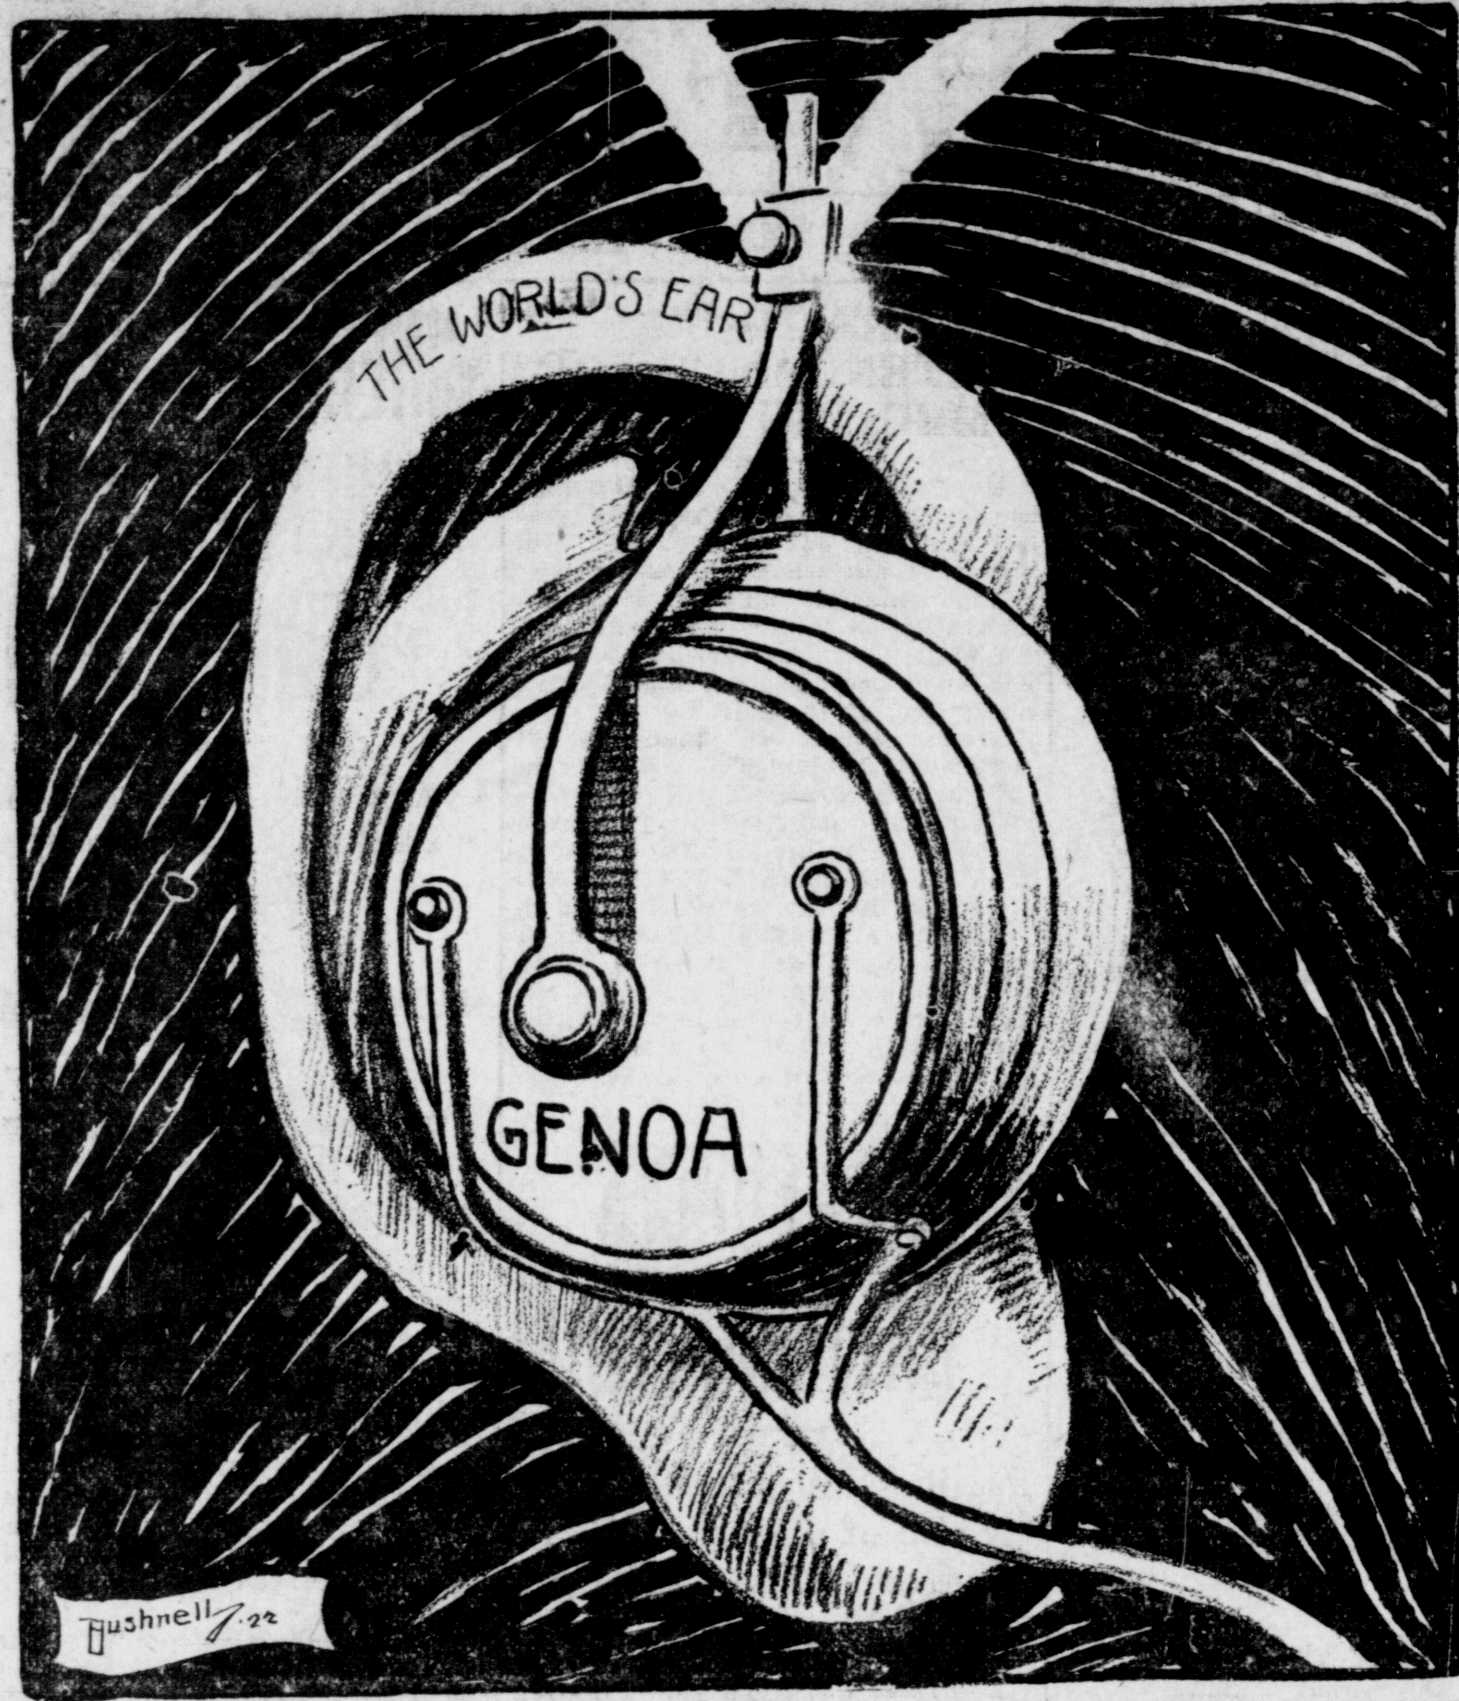

The rise in the price of wheat is causing a rise in the price of flour and of bread. If this extra money were going to the farmer who produced the crop it would not be bad, but the growers had to turn their grain loose at the bottom price and are not benefitted by the rise.

The most contemptible cur we now think of is one who does not have enough nerve to talk to one face to face, but calls on the telephone, changes his voice and refuses to give his name. There may be smaller individuals in the world, but at this time we cannot think of them.

A medical authority has stated that Roosevelt's death was hastened by so much handshaking, that this contributed much to Wilson's breakdown and that President Harding is in danger of going the same route. Next.

Governor Robertson said that no friend of his would vote for Tom Owen for governor. If Robertson can line up all the crooks he has turned out of the penitentiary his opposition to Owen may amount to something.

"LISTENING IN"

LOONEY OF KONAWA ANNOUNCES FOR SENATE

Joseph C. Looney.

Born in Tennessee; reared in Oklahoma; lived in and near Konawa since 1906. Attended Konawa common school, Konawa and Oklahoma City High schools, Ada Normal, and the State University. Hold an A. B. degree from the university; shall receive a LL. B. degree in June, 1922. Farmed and worked on farm, taught rural school, served in the army for two years during the World War (ten months overseas), taught government half time in the State University for two and a half years (while taking law course). Democratic nominee for Representative from Seminole County in 1920. Home address, Konawa, Oklahoma.

Went His Home Town Paper Says. "The Chief-Leader is glad to announce the candidacy of Joseph C. Looney for State Senator from Seminole and Pontotoc counties. Mr. Looney was nominated for Representative in 1920 by over five hundred votes. While he lost in the general election, he ran far ahead of the Democrat state ticket.

"He is a man of good habits and considerable ability. He has a pleasing personality, makes friends readily, is a forceful speaker and an excellent campaigner. He has been a state speaker for the American Legion for over a year. He is a man of strong convictions, yet can argue a point without insulting his adversary. He has a wide acquaintance, not only in these two counties, but throughout the State.

"He is a friend of the people because he is one of them. He made his own way through school by doing janitor work, waiting tables, teaching, etc. At the same time, he won high honors in scholarship, debating, oratory and law. He is a splendid type of a man, clean, ambitious and deserving. He is respected and admired by his friends. He is a citizen of whom is home town of Konawa is justly proud.

His personality, his acquaintance, his experience, and his ability qualify him to serve in a legislative position with honor to himself and to his constituency. We again take pleasure in placing the name of Joseph C. Looney before the voters of Seminole and Pontotoc counties for State Senator, subject to the action of the Democratic primary."

Looney's Statement of Principles. The platform on which a man has lived is of far more importance than the one on which he runs for office. However, there are problems be-

fore us which must be solved. The ideas of the candidate on these problems as well as his general ability to fill the office are of interest to the voter. The following statement of principles therefore constitutes the more important issues which I shall discuss during the campaign:

Public Education.

Public education is the foundation of the republic. The continued development of our school system therefore is of prime importance. The State should give special attention to the development of the rural schools. The principal reasons are: That most of our people are farmers; that the rural schools are admittedly not as efficient as the city schools and that, simple justice demands that the boys and girls on the farm be given equal educational opportunities with the boys and girls in the city. All rural schools should have competent teachers. Normal schools have been established for and must be maintained for the purpose of supplying the rural schools and the small town schools with competent teachers.

Taxation.

I favor a complete revision of our taxing laws. Taxing machinery should be simple; taxable values should be scientifically determined in order to eliminate present inequalities in these values. Farm machinery, farm improvements, small town and city dwellings (other town and city dwellings to the same extent) should bear a smaller rate of taxation than other general property.

Automobile taxes should be collected by the county rather than by the state. This will give the county more road money, and at the same time will enable us to abolish a few useless state jobs.

Agriculture and Farm Tenancy.

A nation of home owners is a happy and contented people. We are gradually drifting away from that condition. Land tenancy is ever growing. So-called remedial measures adopted by the State and the Federal Government have been palliative, not curative, in effect. For example, the home ownership law of 1915 is inadequate and needs revising. Under it, you can only borrow an amount equal to one-half of the cash value of the farm land on which a first mortgage is given as security. Why not permit the borrowing of an amount equal to at least three-fourths of the cash value of that farm land? That would make it much easier for ambitious tenant farmers to become home owners. To make the home ownership plan effective, the State's credit, if necessary, so far as is consistent with sound state finance, should be put behind the plan. I say, let the farmer own the farm.

The State should encourage agriculture in every way possible. This is our basic industry. And the prosperity of the people generally is dependent upon the prosperity of the farmer. Good business sense therefore demands that the interests of the farmer receive first consideration at the hands of the State Legislature.

Labor and Capital.

•Labor is not a commodity to be bartered and sold. Collective bargaining is necessary to place labor, on an equal footing with capital in making a wage contract. Labor is entitled to just wages; capital is entitled to a fair profit. Each is essential to the welfare of the

other; neither can prosper without the other. Economic warfare therefore should give way to sympathetic co-operation, mutual understanding, and an equitable division of the returns on capital and labor.

His Creed.

I stand for efficiency with economy and common honesty in government. I believe in clean politics wherein men and women are nominated by the people, and elected by the people to public office on their merits. I believe, not only in equality before the law, but in equality of educational advantages and economic opportunities. I believe in Jeffersonian democracy as applied to 20th century conditions. I believe in popular government, and in the wisdom of the people.

I shall welcome the support of all men and women in Pontotoc and Seminole Counties who approve a candidacy based on these principles. When elected to the State Senate, I shall regard this statement of principles as a solemn promise to the people.

Sincerely,

JOSEPH C. LOONEY,

Law Enforcement is Popular.

(Chickasha Express)

No more striking evidence of the moral progress in our state is to be found than the passing of the once widely prevalent sentiment in favor of the "open town." The "open town" was one in which lax enforcement of law was tolerated—gambling houses and bootleggers were allowed to operate practically without restriction. We can recall the time, less than twenty years ago, when many of the best people in Chickasha were not averse to having an "open town." The belief was quite general that "open town" meant better business. You could hear on every hand that the town which made a fuss over the gambling dens and other places of evil would soon be a "dead one." Even when officers had right ideas of law enforcement, they were handicapped by opposing public sentiment.

Today, the "open town" is almost entirely without defenders anywhere. The business man has learned that gambling, bootlegging and other species of law violation are not good for business, but quite the contrary, and the people generally have come around to the view that lax enforcement of law is detrimental to the interests of the community in every way. Law enforcement is now popular where not so many years ago it was looked upon with disfavor.

We still have some bootleggers, gamblers and other sorts of bad citizens with us but public sentiment demands that they be wiped out. Of course there are some survivors of the older day but the vast majority of our people today demand rigid law enforcement. An officer wins favor in proportion to his zeal, energy and success in stamping out violation of law. The wave of greater crimes which has been sweeping the country has not been manifest in our own community, although a few burglars, auto thieves, bad check artists and the like occasionally ply their trade.

But in spite of these gratifying conditions, let nobody fancy that the battle for law and order is completely won. Only by ceaseless, persistent vigilance can the vicious, lawless elements of our population be kept in check. Officers must constantly realize that the people expect from them the highest standard of service and will hold them to strict responsibility for any failure to function, and citizens must stand ready and willing to give their officers active co-operation in every possible way. Every citizen must shoulder his share of the responsibility for the maintenance of conditions which make for a clean,

law-abiding and law-respecting community. We should not be satisfied until Chickasha and Grady counties have reduced law violations to a minimum.

The Easier Way

(Bartlesville Examiner)

The trouble with most people is that they seek an easy answer to a difficult problem, says Bishop Page of Boston.

"The other day I was shown two lottery tickets bought by women. Thousands of people have bought these tickets. Millions of dollars are spent in worthless stocks, oil and others. So many young men, even well-trained ones, are impatient of the slow process of earning money by constructive effort. They seek the easy way."

The easiest way is called, by psychologists and scientists, "the line of least resistance."

Usually it leads to failure. Are you, unconsciously, following it? Most people are.

You never saw a prosperous saloon with a door that opened outward. The door either opened inward or was of the swinging type. Saloon-keepers instinctively recognized the principle of the line of least resistance—and made their bars approachable the easiest way.

Few people will use the revolving door of a department store when a smaller door is propped open nearby.

Many a merchant, whose store had to be entered by climbing a few steps, has greatly increased his business by eliminating the steps, making the entrance slope gradually up.

Conservation of energy is a natural law. The human body recognizes this law and expends as little energy as possible—seeks the easiest way.

Without the human instinct of seeking the line of least resistance, there would be little inventive progress in the way of labor-saving devices.

Laziness is the father of invention.

For instance, the jack which you put under your auto axle when you change tires was invented by an Ohio farmer boy who disliked lifting heavy wagons by hand.

Virtue, carried to extremes, often becomes a vice.

The eternal human desire to find an easier way, while excellent up to a certain point, is the cause of most laziness—"putting it off till tomorrow."

Life's problems are very simple, easily understood. Encountering them, first seek an easier immediate way, then, if none is found—mobilize energy for quick attack.

A problem or job is difficult or easy, according to one's viewpoint. The perpetual formula for success is: Refuse to be dismayed or disheartened by the apparent size of a task. Tackle it as quickly as possible—immediately and with all available energy.

NEVER before has the amazing Knight sleeve-valve motor been available in so fine a car at so low a price. Europe uses the Knight motor in her most famous and expensive cars. Now Willys engineering, Willys quantity production, put it in the reach of all in a car equally famous, but far less costly.

The Motor

The Willys-Knight motor is the highest development of the Knight sliding sleeve-valve principle. It gets more power out of less gas than any other motor of its size and weight. It is free from valve trouble, free from carbon trouble, smooth, quiet, flexible. Scientific tests and driver experience show that it grows more powerful with use. And its life-limit has never yet been ascertained.

The Car

The Willys-Knight Car is especially designed to match the motor in long life and distinction. Graceful, refined, dignified, its sturdy steel chassis beats off jolts and jars and holds the body permanently free from rattles and squeaks. Vigilant springs translate the roll of the road into undulating ease. It is fleet, comfortable, responsible—and a sound investment.

IN SOCIETY

Loyal Daughters Meet.

The Loyal Daughters class of the Christian Sunday school held its monthly business meeting at the Blue Room of the Palm Garden Tuesday evening. Preceding the program, lunch was served to the 26 members who were present.

The class and its teacher, Mrs. A. Linscheid, extend an invitation to young ladies who do not belong elsewhere to become members.

Breckenridge-McCauley.

One of the surprises of the season was the marriage of Miss Dona McCauley of this city to Elmer Breckenridge of Okmulgee at the home of Mr. and Mrs. B. F. McCauley of 1309 South Johnson avenue on Monday evening, April 10. Only members of the immediate family were present.

The bride wore a beautiful dress of gray and rose crepe while the groom was also dressed in gray.

Mrs. Breckenridge was not employed in any line of work at this time but Mr. Breckenridge is a prosperous oil driller, probably the youngest one engaged in that section.

The pair left the day following their marriage for Okmulgee where they will make their home.

Miss Bronough Surprised

Miss Thelma Bronough was accorded a pleasant surprise last evening when a number of her friends gathered at her home 931 East Tenth street for a social hour.

Those present were Mabel Eaton, Opal Van Hoosen, Ruth Richards, Opal Caruth, Thelma Dickerson, Fleda Dickerson, Thelma Bronough, Robert Moore, Jim Hamilton, Turner Garwood, William Loman, Par-Floyd, Pleas Sisemore and Burl McKeel.

Mr. and Mrs. L. C. Bocher of Shawnee, will arrive today to spend Easter with the latter's father, Rev. J. H. Ball, pastor of the First Methodist church.

Miss Mabel Pollock of this city was awarded a watch as a prize for eighth place in the national popularity contest conducted by the Movie Weekly.

Ada Schools Take Margin of Honors in County Meet

LOCALS WIN TWO HONORS IN MEET

Ada Track Team Hailed As One of Strongest in Athletic Events.

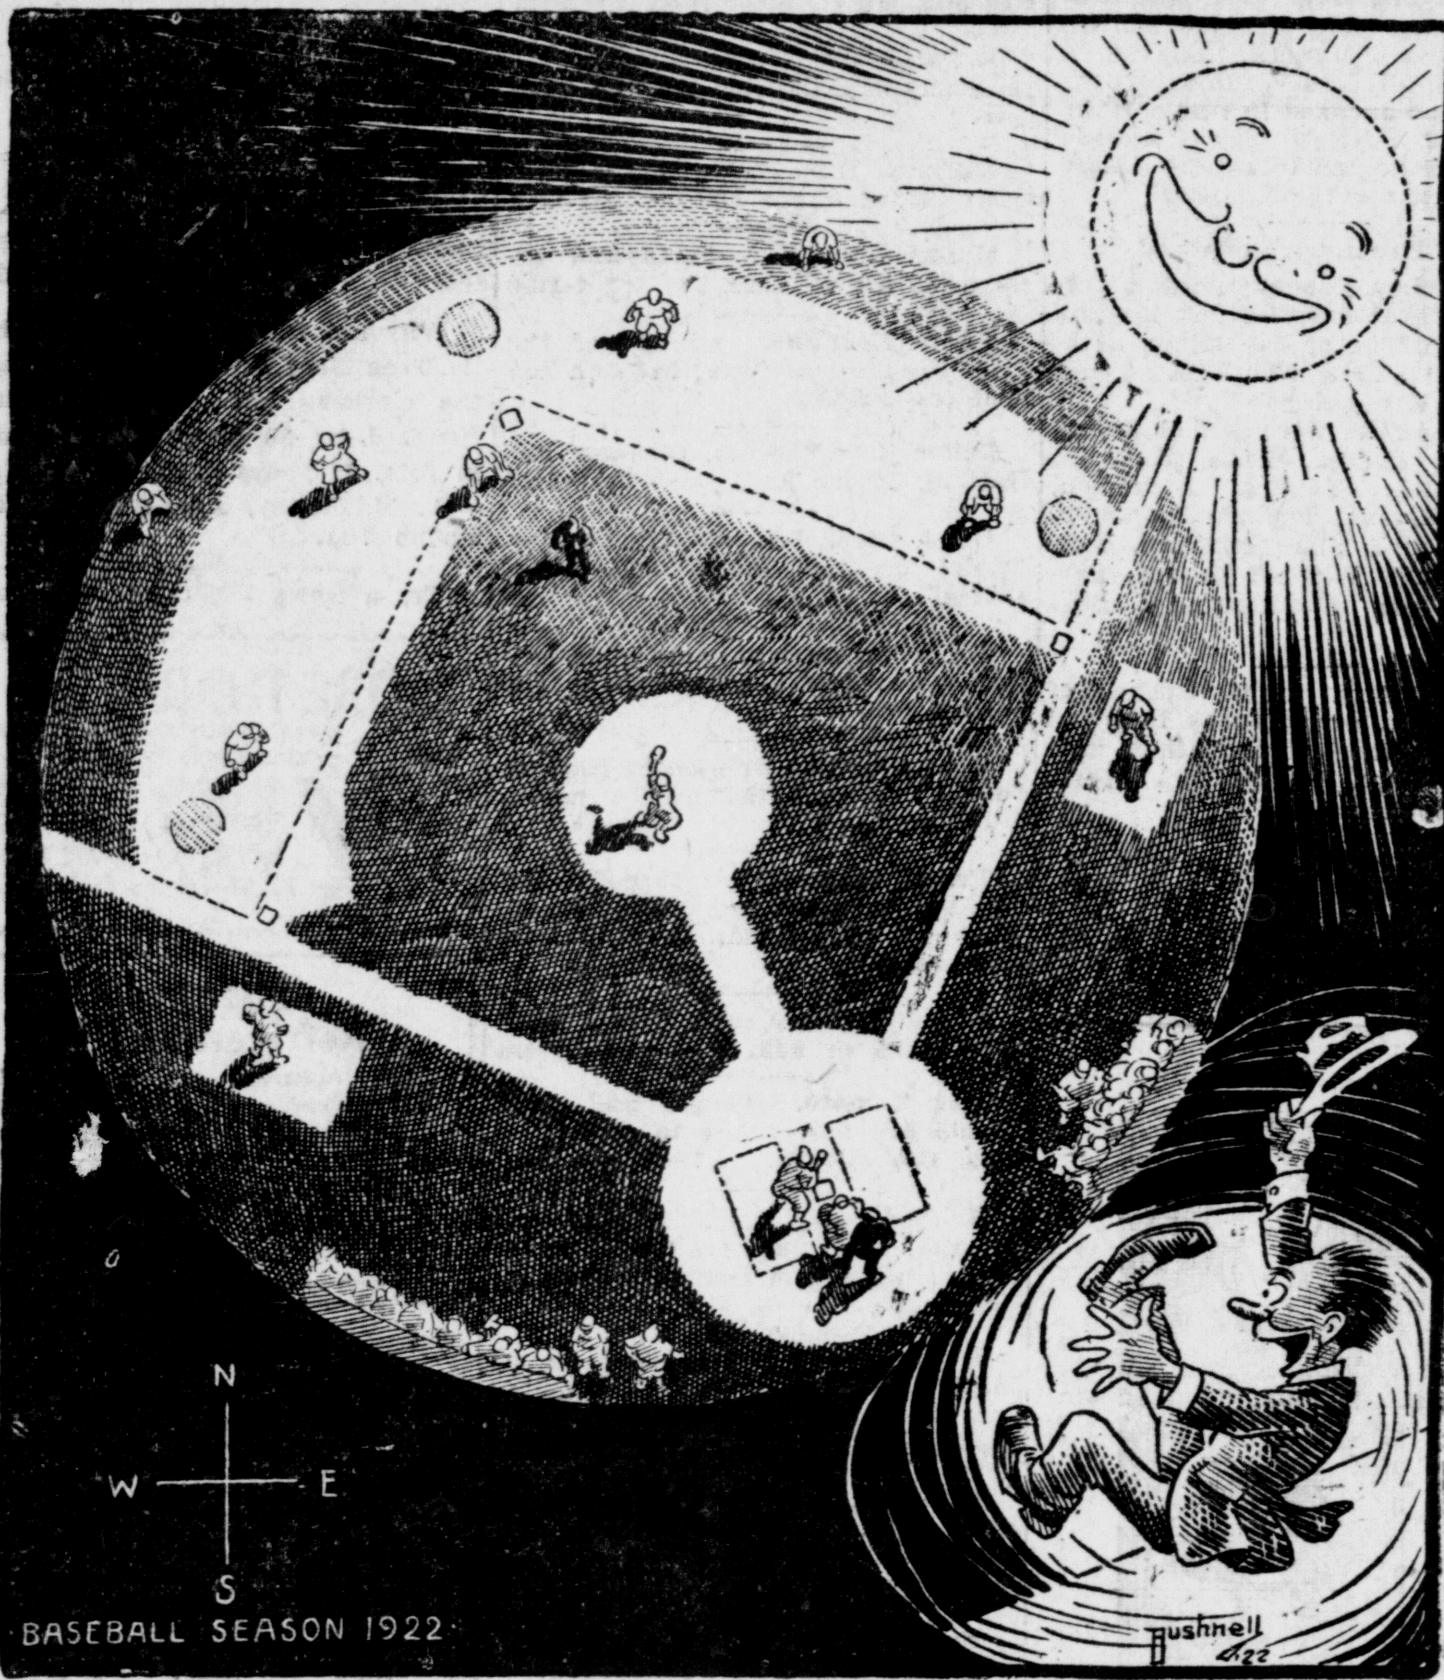

Ada high school emerged last night with two individual honors in literary events of the first annual Southern Oklahoma High School conference meet at Chickasha and her track team, was being heralded this morning as perhaps the most likely contender for athletic honors when that section of the meet opens this afternoon, according to word received here early today by Prof. A. L. Fentem, principal.

Russell Boud, Ada, won first in voice and George Bowman, Ada, third in oratory. Altus debating team defeated Duncan, her only competitor for west side honors, thereby earning the right to meet Ada high here next Wednesday night for conference championship. The question is "Resolved: That immigration into the United States should be prohibited for a period of two years." Ardmore and Pauls Valley forfeited in debate to Ada and local teams administered a double defeat to Norman high school a week ago. This established Ada's right to go into the conference finals with the winner at Chickasha.

In the final debate Ada will have the affirmative side of the question. Members of the Ada high track team, to whom local school officials and others are looking for a preponderance of athletic honors this afternoon are: Turner King, captain, Frank Potts, James Wilsey, Frank Van Eaton, Vester Willoughby, Jesse Car, and Ambers Nettles. Chickasha is expected to be Ada's most formidable track opponent.

Towns in the Southern Oklahoma conference are Chickasha, Ardmore, Pauls Valley, Lawton, Duncan, Altus Norman and Ada.

HOME AGAIN.

Is Gavy Cravath, once home running of the National league and a star with the Phillies for years.

And said home is Minneapolis. Cravath has been signed as pinch hitter for the Millers. He was manager of the Salt Lake team of the Pacific Coast last year.

Cravath started on his road to fame as a member of the Minneapolis club from 1909 to 1911. His terrific slugging the last two years caused the Phils to buy him for \$3,500.

Gavy was born in San Diego, Cal., March 23, 1882, and broke into baseball with a team in his home town in 1902. The next year he was signed by Los Angeles in the Pacific Coast league and played the outfield for that club for five seasons. He had a brief fling in the big leagues in 1908-09. The Red Sox purchased him from the Angeles in 1908 and he played in the outfield in close to 100 games that year. Then the Sox sold him to the White Sox, that club traded him to Washington and before the season was ended the Nationals had released him to the Millers. On his purchase by the Phillies in 1911 he stepped into one of the regular outfield berths and starred with the stick and as a fielder for several years. Before his departure from the big show he served a term as manager of the club.

WRESTLING TOURNAMENT FOR ST. LOUIS APRIL 25-27

ST. LOUIS, April 15.—A wrestling tournament under the auspices of the Western A. A. U. will be held here April 25, 26, and 27. Champions of the tournament will be sent to Boston and Cleveland to take part in national events. Nearly 50 entries, including the St. Louis universities and the Rolla, (Mo.) School of Mines have been received for the meet which is expected to attract only amateur athletes from the immediate vicinity of St. Louis.

Dead Sport King Lauded by Associates

CHICAGO, April 15.—Tribute today from scores of former associates of Adrian Constantine Anson, whose death occurred here yesterday, reflected the integrity of one of the greatest veterans of baseball. Captain Anson, called "Pop" Anson by many, died within two days of his seventieth birthday.

He is probably the greatest hero of the game that he helped to establish many years ago.

Charles E. Comiskey, owner of the present Chicago Americans and years ago Captain Anson's rival as a manager and leader said:

He was the greatest better that ever walked to hit a baseball. I have seen them all from his day to this. I played against him and I know. He was an all-round good sport, a great bowler, a fine billiardist, a competent golfer and a great man of the traps. He excelled at more kinds of sport than any man I ever knew in baseball. He was one of the men who made baseball a national pastime.

Captain Anson's death followed a week's illness and an operation.

Of Old School

Adrian Constantine Anson occupied a unique position in the history of American baseball. His diamond career began with the period which marked the birth of the professional player and closed long after the professional league and game was firmly established as an American institution. To the present day fan he was "Pop" Anson, a player of the past, surrounded with a maze of legendary baseball deeds and records. To those of his generation he was Captain Anson, the greatest player of them all; the forerunner and peer of Dan Brouthers, Roger Connor, Pat Tebeau, Jiggs Donahue, Dan McGann, Frank Chance, Hal Chase, Jake Daubert, and others who have made baseball history at first base.

In the embryonic days of the game, during the late 60's, when baseball was emerging from the stage of "rounders" to the fuller development of a scientific contest, Anson made his appearance as a player while in his teens at Marshalltown, Ia. Tall lanky and lacking the powerful physical development of later years, he stood out as a player of unusual calibre in the town teams of that period, being known as the "Marshalltown Infant."

His fame as a batter and fielder spread rapidly. In 1871 Anson was playing third base for the Forest City of Rockford, Ill., the team made famous by the pitching of A. G. Spalding a few years previous.

The leading clubs of those days occupied the same position of the higher class semi-professional teams of the present. Expenses, lucrative positions and portions of the gate receipts found their way to the players. It was therefore but a step to professional ball which Anson took with his team mates late in 1871 when the National Association of Professional Baseball Players was founded. Two years later he joined the Athletics of Philadelphia and in 1875 Anson signed with the Chicago Club of the newly formed National League of Professional Baseball Clubs. With the birth of the National League Anson rose to baseball playing heights seldom reached by players of the past or present.

Won Fame For Chicago

Under his managerial guidance the Chicago club won pennants in 1880-1881-1882 and again in 1885-86. From 1876 to 1897, with the exception of two years, Anson batted over 300 his highest average being in 1887 when he registered .421. During this period of twenty-two years his grand batting average was .348 and he led the National League six years and was second or third many other seasons. In the field his record was equally brilliant. For six years he was accorded first place among the first basemen, his fielding average ranging from .988 to .974.

Anson was described during the heyday of his baseball career as the most perfect player of the age. Over six feet in height, and weighing 195 pounds in condition, he was a lightning fast fielder and base runner, and batted with tremendous power. As a manager he was a strict disciplinarian, demanding absolute obedience and temperate habits in his players.

Anson made two trips abroad as an American baseball player. In 1874 he was a member of the American team which toured England, playing both baseball and cricket. The team knew little or nothing of cricket but their terrific batting offset their other playing defects and they won every cricket game played, including a victory over the famous Marlborough All-England eleven by the score of 107 to 105 runs. In 1888 he toured the world with the National League players party which included John K. Teper, now president of the National league; A. G. Spalding, John M. Ward, Ed Hanlon and many other noted players of the day.

MINNESOTA MEN DEVELOP STRONG PITCHING STAFF

MINNEAPOLIS, April 15.—Russell Ford, who ten years ago with the New York Americans was rated one of the best pitchers in that organization, and this season in coaching the University of Minnesota pitching staff, has had his string of candidates working out of doors during the recent warm weather, looking at their pitching ability.

Ford recently announced that he wants at least four good pitchers who can go in and offer something which will prove a stumbling block to conference hitting. George Berglund, J. L. Burt, George Strom-

wall, N. W. Schneider, Art Tews, M. G. Brown, E. S. Bjornerud, Lester Friedl, Lefe Hurman, S. A. Anderson and H. L. Larson, has reported to Coach Ford, and all have shown enough to remain on the squad.

Bee Lawler, one time Minnesota star is working with the other baseball candidates. Nine prospective catchers have reported, among whom is Harry Brown, last season's quarterback, who will have to call on early season work. Brown is also said to be able to work pitchers well.

Doyle, Marshall, Webb and Gilstad are out for first base with Glen Thompson and Carl Fribley working against each other for second base, and George Myron showing well at third. Numerous candidates have appeared for the short

field job.

Coach Lawler is working his corps of outfielders hard, with the hope of developing a hard hitting combination.

MISSOURI GRIDSTERS IN SPRING WORKOUTS

COLUMBIA, Mo., April 15.—Nearly half a hundred candidates for positions on the University of Missouri football team this year have begun spring training under the direction of Coach Phelan, who is trying to hold down the squad to only those men who give promise of making a place on the varsity eleven next fall. The training this year is on the most pretentious scale in the history of the school.

LITERARY EVENTS DRAW BIG CROWD

A Class Events Scheuled For Later in Day With Interest Growing.

With the entire morning devoted to running off Class C contests, athletic authorities in charge of the county track and field meet at 1 o'clock this afternoon began the windup by running off Classes A and B. Many entries were made in Class C but the remaining two classes are not expected to take so much time.

Allen high school won the county baseball championship. Ada high school was not entered and Francis high school was the only team disputing the title. Only a few Ada high men were entered in any event, on account of the local track team being in Chickasha.

Early reports from the field were to the effect that schools of the county were about on an equal basis in the number of points won. Ada ward schools were prominent, especially in literary events. Most of the races and jumping events were near the Class C record, although none were broken. A brisk air, which threatened yesterday to turn into a blizzard, helped the athletes today.

Reports were expected to be received from the tennis tournament early this afternoon. Girls' tennis was one of the hardest contested events, while the boys' section did not have so many entered. Class B baseball championship finals will be played this afternoon. Those in charge of the meet predicted that it would be late before the meet was completed.

Francis Wins Class C.

Francis high school this morning took county athletic honors in Class C, with its entrants winning the highest number of points. Indications were at the outset of the afternoon track and field events that Francis would also make a strong bid for the first honors in A and B class.

Results of the meet in C class are as follows:

Events for Boys.

50-yard dash—H. Collins, C. Foster, H. Collins. Time 8 seconds.

100-yard dash—M. Collins, C. Stephens, P. Hodges. Time 15.1 sec.

220-yard dash—P. Hodges, C. Stephens, H. Overstreet. No time.

880-run—Dean 1, Large 2, Orr 3. No time record kept.

404-yard run—H. Overstreet, B. Smith, M. Collins. Time 1 min 7.2 seconds.

Broad jump—C. Stephens, E. Hendrix, E. Whitaker. Distance 14 feet 9 inches.

Shot put—C. Foster, M. Collins, H. Overstreet. Distance 31 feet 6 inches.

Discus—C. Foster, M. Henson, H. Overstreet. Distance 51 feet, 9 inches.

Javelin—E. Hendrix, H. Henson, C. Foster. Distance 85 feet 8 inches.

Pole vault—Brown, C. Foster, Large. No height record kept.

High jump—Hendrix, Thompson, Threlkeld. No height record kept.

One-half mile relay—Francis 1, Irving 2, Washington 3.

Events for Girls.

50-yard dash—Dixie Edwards, B. King, Oda Johnson. No time record kept.

Baseball throw—Cagie, Stephens, Payne. Distance 131 feet.

100-yard dash—H. King, Collins, L. Yokum. Time 15.2 seconds.

Relay, one half mile—Allen first, Washington second; Francis third.

Cecil Foster of Francis was individual star of the meet in C class. He took places in enough events to make a total of 20 points. H. Overstreet of the Normal training school won second with a total of 12 points. C. Stephens of Francis was third high score man, netting 11 points. The work of Stephens and Foster made it possible for Francis to win B class.

Most of the meet was completed this morning and schools from all over the county were strongly represented. Races were good, as well as the weights in the field events, and much interest was shown last night at the literary finals. Ada schools were well represented and up to an early hour today were leading, with prospects for continuing the lead. In classes B and C much interest was shown, while the A class events were reserved for later in the day.

Hays, Willard, Glenwood and Washington schools were strongest represented last night, while Francis, Roff and Stonewall were taking some honors. Irving and Vanoss schools also had winning representatives in some of the events.

FOUR TEAMS INVOLVED IN BIG LEAGUE MYSTERY THIS SEASON

By Norman E. Brown

Four teams in the two big leagues this year must be listed as "unknown prospects." They are the Tigers, Red Sox and White Sox in the American league, and the Cincinnati Reds in the National. The Tigers, Reds and White Sox are in the process of rebuilding. The Red Sox are virtually in the same class, except that there is not the same atmosphere of reconstruction.

Ty Cobb is engaged in the herculean task of changing the Tigring the Tigers from a slugging, hit-and-run outfit, to a versatile team. Backed by good pitching. Apparently he is ready to put his efforts on exhibition. Luke Blue on first, Emory Rigney at short, Fred Haney at third, is the way his infield may read for a time at least. Two rookie hurlers, Johnson and Pillette of Portland, Burt Cole and Carl Holling will carry the pitching burden until they find their place on the bench or in the winning column. Not many familiar names in those groups.

Kid Gleason will sow Sheeley at first, Ernie Johnson at short and McClellan or Mulligan at third. Bib Falk will get a chance in the outfield.

Dickey Kerr's wild-mustang move gives one more pitching berth for McWeeny, Hodge, Jose Acosta, Johnny Russell and other youngsters to fight for. Everett Yarran may get a chance to work more often in Schalk's place behind the bat. Which will give the fans a few youngsters to keep an eye on.

The Red Sox have little which to draw big gate receipts. The raiding of the team by the Yanks left it a wrecked outfit.

Pat Moran will give Eam Bohne the acid test at second. Hargreaves will have plenty of chances behind the bat. Caveney and Pinelli, two Pacific Coast beauties, will hold the forts quitted by Kopf and Groh. At first a Mr. Fonseca will cavort.

Moran is ready to give John Scott, late of the Braves, and a young right-hander named Donahue, a good chance to step into regular pitching berths. Couch and Gillespie also are making bids for hurling berths. Moran has allowed eleven of his 1919 team to drift away. He is gradually rebuilding the outfit. He is still trying prospects out.

All four of these teams will be juggled frequently to give the club bosses a line on their new material and find the proper places for same. Hopes of landing one-two-three in their respective races will not influence these changes. So all four teams must be considered in the line of half-built clubs and their playing judged on that basis.

NOW, WHAT'LL BABE SAY TO THIS?

NEW YORK, April 15.—It surely is tough to be a champion. Witness Jack Dempsey and Florence Walton, the noted dancer.

Luckily they were on the deck of the Aquitania, not in the squared circle, or the cruel referee would have ordered them to "break."

Bystanders who witnessed the farewell between the heavyweight and the dancer declare that it was the first time they ever saw Jack hanging on and gasping for breath.

Others, who believe the reports that Dempsey and Bebe Daniels, movie star, are engaged, were worried during the leave-taking for fear the reported fiancée might appear upon the scene and make Dempsey put on a fistic exhibition before sailing—perhaps even send him overseas with a black eye or two.

But Bebe is sure to see the picture and when she does—lookout—that is if they are really engaged.

ADA NINE OPENS SEASON WITH O.C. SQUAD TOMORROW

Sunday will be opening day for the Ada baseball club and the fans who have been waiting for the game will be given their first opportunity to see Manager Green's machine in action. New uniforms arrived this week and the players have had five or six workouts.

Wilson and Company of Oklahoma City asked for the opening game with the state amateur champions of last year and got it. They will be here tomorrow. On account of their having to return on the afternoon train, the game will be called at 2 o'clock sharp.

P. Waner and Norman will be Ada's battery and fans are expecting this combination to show something Sunday. The probable batting order will be: R. Waner, ss; Fain, 2nd; Young, 3rd; P. Waner, p; Rutledge, 1st; Vernon, lf; Morrison, rf; West, cf; Reed, sub-catcher; Miller and Thusen substitute fielders.

Parks Has Hopes of Championship Squad of O. U. Tennis Men

(By the Associated Press)

NORMAN, April 15.—Ben K. Parks, captain of the University of Oklahoma tennis squad and holder of every championship title in this and surrounding states, has hopes for the development of a highly efficient squad of net-smashers this year. From the lot of aspirants now out, Parks expects to select a team to compete in the Missouri Valley tournaments.

Captain Parks is Missouri Valley champion and Oklahoma "Open champion" in singles. He was the Missouri State doubles with C. T. Spiece last summer, and also holds the Arkansas Valley singles. He represented the University of Oklahoma at the National doubles held in Boston last year.

Several strong eastern teams, including Notre Dame are on the local's schedule this fall.

(By the Associated Press)
VERMILION, S. D., April 15.—Leonard B. "Stub" Allison, end on Carleton's 1916 football team which defeated the University of Chicago 5 to 0 in Chicago's first start of that season, and who since has been at the University of Washington as athletic director, will coach at the University of South Dakota at Vermilion.

Allison's first coaching experience came when he was overseas with the 88th Division. After his discharge from the army, Allison went to the University of Washington where he assisted Coach C. J. Hunt. When Hunt left that institution Allison was named Athletic Director.

Bert Eckberg, former University of Minnesota football track and basketball man, will go to South Dakota as Allison's assistant.

SMALL LOSS REPORTED
FROM TWO LOCAL FIRES

Two fire calls were turned in last night but little damage was reported. The first call was received

at midnight. A chicken house at 300 East Ninth street caught fire but firemen managed to extinguish the blaze before much damage resulted.

At 5 o'clock this morning a call was sent in from the offices of Dr. Ed Granger. No damage was done as the blaze which had started from a small oil burner was easily extinguished.

HALF A CENTURY

Oklahoman Praises Black-Draught, Having Used It "Can Safely Say for 50 Years."

Grandfield, Okla.—One of the best known farmers of Tillman County, Mr. G. W. Tisdale, who owns and manages a wagon yard here, says:

"I have used Theodor's Black-Draught—I believe I can safely say for fifty years."

"I was born and reared in Texas, Freestone County, sixty-four years ago. I have been married forty-four years. My father used Black-Draught before I was married, and gave it to us . . .

"For forty-four years of my married life, it has had a place on our medicine shelf, and is the only laxative, or liver medicine, we use. We use it for torpid liver, sour stomach, headache, indigestion . . . I don't think we could get along without it, knowing what it has done for us, and the money it has saved. It is just as good and reliable today as it was when we began its use. My boys use it and they are satisfied it's the best liver medicine they have ever used."

Theodor's Black-Draught is purely vegetable, not disagreeable to take and acts in a prompt and natural way. So many thousands of persons have been benefited by the use of Theodor's Black-Draught, you should have no hesitancy in trying this valuable old well-established remedy, for most liver and stomach disorders. DAUGHTER HAD TO HELP MOTHER

Now Can Do All Her Housework Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn. — "I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your Vegetable Compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial." — Mrs. JESSE PETERSEN, Route 1, Jasper, Minn.

There is no better reason for your trying Lydia E. Pinkham's Vegetable Compound than this—it has helped other women. So if you suffer from displacements, irregularities, backache, nervousness or are passing through the change of life remember this splendid medicine. What it did for Mrs. Petersen it may do for you.

The Vegetable Compound stands upon a foundation of nearly fifty years of service.

Missionary Society, First M. E. Church.

Missouri State University.—There are fourteen hundred Methodist students in the Missouri State University this year. By the erection of a dormitory in the near future, the Women's Council and the Missouri Conference are planning to take the oversight of the religious life and activities of these young people of the church.

of the Council have every reason to be proud of Holding Institute, at Laredo, Tex. The Interdenominational Report shows that this is the best school for Mexicans in the Southwest. The revival fires are burning brightly at Laredo, and twenty-eight children have joined the church since Christmas. There is an enrollment of two hundred and ninety students of whom one hundred and ten are from old Mexico. A much-needed normal department is to be added this year.

The Missionary Society will meet at the church Monday, April 17 at 3 p. m., for the literary and social meeting, with the following program:

Subject: Monterey.

Presbyterian Church.

Special Easter program at the Sunday school hour. Not that this will take the place of the lessons, but the hour will be devoted in some respects to the Easter occasion.

A letter received yesterday from E. O. Whitwell in part says, "Now that I am pastor-elect I am beginning to plan for active work as soon as possible for me to be on the field after April 30th, which will perhaps be about May 4th. Our task will be for pastor and people to know each other personally and begin the development of a close friendship and cordial fellowship. I want to be at home in the manse with my car in the garage ready for service as soon as I arrive. You know it is my job to plan and preach and try to cause all members to practice. I have the easy task you see, for preaching is easy but practicing is hard. Hoping to come to you in the spirit and find the people with a mind to work, I am."

Three Myths

A man's auto had broken down. When he crawled under it no crowd collected and attempted to advise him how to fix it.

A miner was entombed for three days and three nights as the result of a cave-in. When he was finally rescued it was found that his hair had not turned snow white.

A soldier was on guard duty and was approached by an officer who asked him to give his general orders. The sentinel recited them off, making many mistakes, and the officer corrected him, thus revealing the fact that he knew them himself.—American Legion Weekly.

Divorce Rings

(Divorcees have adopted the plan of wearing a divorce ring—new stone for each divorce.—News note.)

Now comes the divorce ring—that isn't so bad.

With a setting that's proper, they say,

I fancy 'twill prove quite a popular fad.

And simplify matters straightway. As oft as a lady her freedom would win,

A badge of said freedom she'll own.

So remember, good gentlemen—he without sin

May be one who will cast the first stone.

Farmers' Column

By Byron Norrell

The borer is one of the worst enemies of fruit trees. He takes a heavy toll every year unless given attention. A good swabbing with soft lye soap is said to be effective and I have found a paste of fish oil soap well applied and with special attention to the trunk of the tree near the ground a sure cure. This substance can be had at the drug stores.

A flock of chickens recently gave testimony in a suit for ownership that the judge considered conclusive and rendered his decision accordingly. When night approached the flock was turned loose half way between the chicken houses of the two claimants. The bunch at once struck out for the one that had been their home and the judge needed to hear no further testimony. The chickens had settled the matter.

According to figures given out by the state department of education collected from 134 consolidated school districts, the average cost per month of transporting pupils to school the past year was \$2.88 per pupil by trucks and \$2.69 by wagon and team. The total number of trucks and wagons used in this service was 520.

The F. & M. National bank of Roff is backing ten club boys who are going into the hog raising business this year. Ten registered bred gilts have been bought and will be sold to the boys on easy terms. They will be distributed next Saturday afternoon. This is a good move on the part of the bank. The young club members will be given a chance and it is then up to them to show whether or not they are capable of making good. Judging from past records in this county it is a safe bet that they will succeed and will soon be in a position to supply their neighbors with pure bred animals.

I clipped the following story of a successful young poultry raiser from the McAlester News-Capital:

One-fourth the amount of chickens bought by Virgil West, fifteen year old son of C. W. West of Kiowa, paid for the entire amount he bought—210—and also paid for a part of their feed.

That was the beginning of the record made by Virgil when he started out in the chicken business last winter after joining the poultry club carried on by the county agent and county home demonstration agent.

Virgil bought 210 baby chicks for \$24. He got 85 pure bred White Leghorns, 25 pure bred Buff Orpingtons, some White Orpingtons, and the rest were mixed chickens for fryers. Several died when they were little, but he sold 54 as soon as they were big enough for fryers, at fifty cents each. That paid for the whole bunch and left a little over for a part of the feed.

He has about seventy pullets left which will be six months old Tuesday, April 18. And eight of those pullets are laying now!

"Virgil is keeping three separate records for his chickens. Most boys and girls who enter the poultry clubs are advised to have only one breed of chickens because usually one record is about all they want to keep. But not Virgil."

He has his three breeds; he keeps them separate; and he keeps a separate record for each.

And at the fair this year he expects to exhibit several pens of chickens.

Virgil is a freshman in the Kiowa high school and wants to go to the A. & M. college at Stillwater when he finishes high school.

Wally Reid To Enter Speed Carnival Soon at Indianapolis, Ind.

INDIANAPOLIS, April 15.—Wally Reid, moving picture actor, who recently filed his entry in the annual 500-mile automobile race to be held at the Indianapolis Motor Speedway May 30, will drive Car No. 13, it was said here today.

Twelve drivers entered the race ahead of Reid and as has been done for several years, T. E. Myers, manager of the speedway, planned to eliminate the number 13. Reid, however, insisted that he be given the number and the speedway official consented. Mr. Myers said a car bearing No. 13 had not started in the contest since 1913.

Reid is due to arrive in Indianapolis on May 4 to begin training for the race. He already has been granted a driver's license by the American Automobile association, under whose rules the Indianapolis race is conducted. The only other requisite for competing in the local race is ability to drive a racing car to the satisfaction of the speedway officials.

The executive of a motion picture concern for which Reid has been acting has declared, it is said, that he will not permit the actor to compete in the race if it is "humanly possible to stop him." Reid, however, is said to have asserted he intends to go through with his plans.

A Nickel's Worth of ice will keep A Dollar's Worth of food

Now is the time when many housewives make the mistake of saving a few nickels on ice and losing a few dollars worth of food. They forget that a spring temperature of 50 to 60 degrees will spoil food just as surely, if not as quickly, as 90 degrees in mid-summer.

The food may not spoil so badly it cannot be used; but it will lose flavor and nourishment, the two things which cost the most money and do the most good.

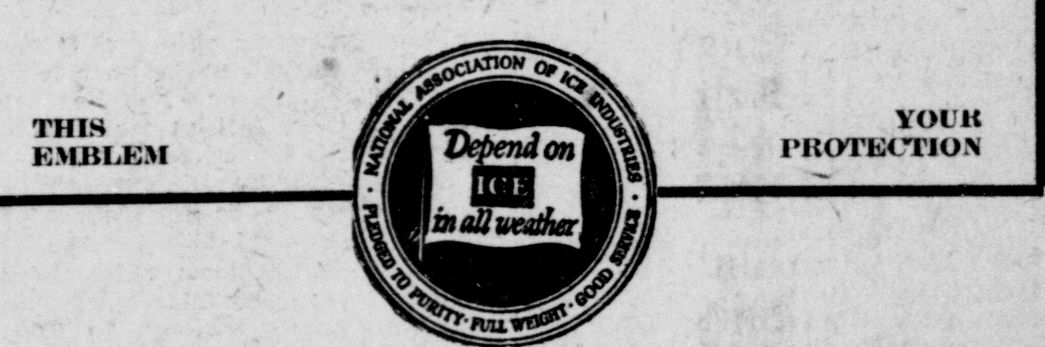

Keeping your food—milk, meat, butter, vegetables and eggs—in a well iced refrigerator is the only safe thing to do at this season of the year. Every well-informed housewife knows it.

Take ice REGULARLY from now on—it will actually save you money and is a protection to the family health.
